Guidance Readings :
90 mins session 3500 INR

What will you receive?

Your question will be addressed through a combination of modalities.

This is often decided on the nature of the question which will be discussed at the beginning of the session.

The session will uncover deep-seated patterns embedded in your subconscious. Most often they are rooted in the ancestral lineage and will need deep self-work to break free from them.

This session is advisable to those who are serious about doing the necessary self-work post the session for a couple of weeks or months.

Unlock your True Potential
4 weeks Guidance Program – 10,000 INR

What will you receive?

One session of 50 mins every week for 4 weeks

We are often taught to look at life through the lens of logic and thought. While these are important for our survival, to experience life and various dimensions of existence this lens gives us an incomplete perspective.

I invite you to a 4 week program where we learn to tap and foster our dynamic aspect of psyche – the EI (Emotional Intelligence). This is a point where cognition and emotion intersect.

EI facilitates our capacity for resilience, motivation, empathy, and many subtler aspects of life. These form the basis of life skills that helps us navigate through conflicts, uncertainty, and enhances our ability to adapt as we become inclusive in our perception.

So, if you would like to dive in and deepen your connection with this dimension of your psyche and unlock your blocked potential, join me on a 4 week one-on-one program where:

- 1. You pick up one goal in any area of your life to accomplish.*
- 2. Through my experience, intuitive abilities and various other avenues of study, I help you see the blocks.*
- 3. Each week, we work on one aspect through diverse techniques to help you dissolve those blocks, and discover your dormant potential.*

*If you feel connected to this, and it excites you, write to me.
(Please mention in the email Subject line: In for Unlocking my true potential)*

Crossroads of our Purpose

Together let us unlock your True Potential!
